### Animal Welfare – Calf Roping – “BUSTS”

As you are all aware much time and effort is being spent on compiling and implementing Queensland's new “Animal Code of Conduct for Rodeo”.

One of the more hotly discussed subjects is the event of Calf Rope & Tie.

Whilst I personally consider it as one of the most technically demanding and skilful events in Rodeo, there are many radical, misinformed but noisy elements in the country who want the event banned at all costs. They have already been successful in some states.

Whilst some Judges are prepared to make the “terrible” decision to flag off a competitor for a “Bust” – others are not. I have always respected and supported the Judge's decision as final, and I always will.

However, from my observations as Director of Animal Welfare, there have been glaring “Busts” at recent Rodeos that have been unaccounted for.

The spectator's reaction to all of these “Busts”, shouted in no uncertain terms, that they were all blatantly unacceptable.

I urge all Judges that when they are judging all events – specifically Rope & Tie that they gather the courage to make difficult decisions. Forget the minor technicalities associated with “Busts” and always consider the animal's wellbeing and crowd reaction.

When in doubt – “Bust”.

Hopefully by taking a hard line on these problems we will be seen to be regulating our sport from within, and so protect this specific event from adverse criticism from those elements that want the event banned.

*Dale Frahm, Director of Animal Welfare*
