### SADDLE RIDE DIRECTOR

Hello All

Firstly I'd like to say Saddle Ride Director, what a job! :). Thanks to the contractors on their young stock being produced so far this year. There are some very exciting prospects, some of which have seen me purchase a bit of rodeo arena real estate. Please remember contractors, one number per horse. I have had talks with some contractors (not all) about the prospects of having multiple contractors at each round of the finals. So far, good progress, we just have to make it worth while for all concerned. So if this can work, riders who make it to the finals **BRACE YOURSELF**, bring your best and luckiest riding gear.

On another note which is not so enjoyable but as a rider I can understand, riders can you please direct any frustrations regarding judges in writing to the NRA or see myself, instead of arguing with judges on the grounds when a call or score goes against you. It does not look good to the public and does not benefit anyone in the heat of the moment. It is hard to get judges and they are only doing their best.

We are not perfect, but no one is, competitors included, but as a committee we are working together to try and make it bigger and better for everyone concerned.

Thanks

David Mawhinney

Saddle Ride Director

## ROPING CHUTES

**PRCA**  
PRO RODEO

### RC98M MANUAL ROPING CHUTE

Priefert's manual roping chute is the most widely used roping chute in the country. The official chute of the PRCA, USTRC, NTRL, WTRC, the World Series of Roping and other major roping organizations, the RC98M is the chute of choice by professionals. Endorsements by champion team ropers like Trevor Brazile, Speed Williams, Rich Skelton, Allen Bach and countless others have made this chute the most popular piece of equipment in arenas around the country. Available in manual and remote control automatic, the RC98 chute is the quietest, most durable chute on the market.

### RC98A REMOTE CONTROL ROPING CHUTE

Having trouble finding chute help? Not anymore. Priefert's remote control automatic roping chute is so easy to operate your kids (and maybe your spouse) will fight over who gets to operate it! The handheld remote control fits in the palm of your hand and has 4 buttons that operate the opening and closing of the front and back gates.

No chute help available? No problem. The remote easily fits in your front pocket and can be operated by the header or heeler. The chute also offers a delay from 1 to 14 seconds to give the roper time to push the release button and get ready to go. This chute is ideal for the practice pen and is great for beginners, professionals and just plain lazy cowboys!

### RC98A1 ROPING CHUTE

Priefert's newest fully automatic roping chute takes efficiency to a whole new level! This new chute can work as a traditional automatic like the RC98A or can be switched over to "fully automatic mode". The chute works like this; the roper or chute helper pushes the release button to release the front gate. As soon as the steer leaves the chute, the front gate automatically closes and the back gate opens for the next steer to enter. As the steer enters the chute, an infrared eye facing down into the chute senses the steer in the chute and closes the back gate behind him. When the ropers return to the box the next steer is in place and ready to go! Ironically, your chute help is now the chute itself!

### RC98A1 CALF ROPING CHUTE

Priefert's Calf Roping Chute was designed using the same expert engineering as our other roping chutes. Quality and durability tested by 8 Time World Champion Roy Cooper.

### COMPETITION ROPING CHUTE

Endorsed by the PRCA, Priefert's competition roping chute is a full 18" longer than our standard models to meet PRCA requirements. This chute features all the great features of our RC98 series and also features a neck access panel near the front of the chute.

## BURNIN' DOWN THE HOUSE

A full report of the hottest rodeo action in South East Qld.

IN the past month competitors travelled to either end of South East Queensland to take part in National Rodeo Association events.

A good number of competitors made the journey north to Teebar for the annual all around event in mid June.

At the Rough Stock end of the arena, lone scorer Cameron Taylor took home the entire prize purse in the Bull Ride and backed this performance up by covering his horse in the Saddle Bronc to take out equal second with Joel Hill.

With low nominations in the Bareback, Riders were tested over two head, but for Jamie Howlett this proved an achievable task with a 72 point ride on his first horse and a 78 point ride on his second.

At the Timed Event end of the arena, the toughest competition came from the Breakaway Ropers with Yvonne Emerson taking the win with a 2.956 seconds with Cameille O'Toole, Kerri-Ann Young and Fiona Johnson rounding out the places on 3.559, 3.564 and 3.934 respectively.

Following Teebar, many competitors followed the white lines to Nambour for the Sunshine Coast Show Rodeo.

As always the competition was hot with 80 point rides taking out both the Open Bull Ride and Bareback.

Jeffrey Moretto and Matthew Carlo tied for the win in the Bull Ride while Ashley Clem took out the Bareback.

The Barrel Racing was also an exciting competition with home town cowgirl Jo Fisher coming home in the fastest time in the open while Tammy Stapleton took out the junior.

At the Laidley Show event crowd pleaser Matthew Makinson showed the style which makes him a champion on board a Kerry Hall bucking horse to score 83 points.

The Rough Stock boys also put up a good performance at Canungra with Danial Piggott scoring 80 points to win the Bull Ride while Joel Hill scored 81 to win the Saddle Bronc.

At the Timed Event end, Lachlan O'Neill displayed the form which has him in the lead for the Steer Wrestling title by taking the win with a time of 4.972.

Bonalbo Show Bull Ride wrapped up the action for this month with southern competitor Cody Heffernan taking the win with a 78 point ride.
