NOTES FROM THE OFFICE

NOTICE TO JUDGES

Roping Device

The instructions for use of the new roping device were published in a recent Newsletter however all judges should also be aware that they now have some additional responsibilities to ensure the correct use of this device.

- The Barrier Judge is required to ensure that a minimum of 400mm of the tail of the rope is clearly hanging out of the device. To assist with this all competitors are required to have the 400mm on the end of the rope coloured with red dye.
- In the unfortunate event of a bust, the Flag Judge is required to direct the competitor to wait in a position in full view of the Barrier Judge or a Director until the round finishes. At this time a judge is required to check the rope and the device. If the device is found to have been changed in anyway the judge is required to report this to the Executive Board with details of the change including photos if possible.

Any competitor found guilty of changing the device will face a fine of \$500 and a suspension.

Time Event Stock Draws

Stock draws for time events will no longer be done at the NRA office prior to the rodeo and will be required to be done by the judges on the day of the rodeo. Any judge competing in an event must not participate in doing the draw for that event. Time event contractors are required to provide the stock numbers to the judges a minimum of one hour before the commencement of the rodeo.

Regards

Jason Hall
Chairman of the Judges Panel

NOTICE TO BARREL RACERS

Meeting for all Barrel Racing Competitors is to be held at the Canungra All Round Rodeo on the **Saturday 10th August between the Slack and Main Performance.**

Your attendance will be greatly appreciated. If you are unable to attend please contact your Barrel Racing Director.

Thank you

KIM CLARKE
Barrel Racing Director

NOTICE TO TIME EVENT COMPETITORS

At a recent meeting of the Executive Board it was decided that preferences will no longer be accepted for Time Events when entering a rodeo. The Rodeo Program and position draws for all Time Events will be posted on the NRA web site on Wednesday night and it will be the responsibility of the competitor to trade out with another competitor if they wish to change sections. It is then the responsibility of the competitor to advise the NRA Office prior to 12 noon on Friday of any changes. Stock draws will be done by the judges on the day of the rodeo.

The Board would like to apologise if this decision adversely affects any of our members however it was necessary due to the increasing workload, and subsequent costs, to the NRA Office of the significant number of preferences being submitted for each and every rodeo. Unfortunately the NRA is not in a position where it can continue to incur these discretionary costs.

Regards
NRA Executive Board

BURNIN' DOWN THE HOUSE

A full report of the hottest rodeo action in South East Qld.

One cowboy certainly has been on fire over the last month. With only the two rodeos during the month of July, Cameron Taylor came up with a perfect record winning the Bull Ride and Saddle Ride at both.

The 2012 Bull Riding Champion pulled off the rare "double double" at the Laidley Show Rodeo and the Farm Fantastic Rodeo in Caboolture. These wins have seen him jump to 2nd in the Saddle Ride title and 4th in the Bull Ride title. Cameron Taylor is burning down the house!

The 6th July saw the Laidley Show conduct their annual rodeo under lights in the main ring. Cameron Taylor won the Bull Ride with a 79 point score on Hall Rodeo's Thunder Storm. He backed that up with a 77 point winning ride on Hall Rodeo's Resistol in the Saddle Ride. The Bareback Ride was won by Dinny Moran with a 76 point score on the former Bucking Horse of the Year Diamond Tina from the Hall Rodeo string. Rookie cowgirl Jordon Moore was the quickest around the drums to win the Barrel Race with a quick time of 14.317. Taylor Schultz put up the ride of the night to win the Junior Bull Ride while 8 year old Nash Jones won his very first buckle as the winner of the Poddy Ride.

Australia's largest outdoor expo, Farm Fantastic, conducted their first Points Award rodeo on Saturday 20 July with the junior competitors coming back for a second round and chute out on the Sunday. Once again Cameron Taylor won both the Bull Ride and the Saddle Ride when he covered CMC's Leather Jacket and Bunny Bites respectively. Dinny Moran won his second

Bareback ride in succession while Dave Mawhinney made a welcome return winning the Steer Wrestling and placing second in the Saddle Ride. The Open Barrel Race was won by Jamie Cottam in a time of 13.571 while Kylie Siebenhausen won the Junior Barrel Race in a time of 14.004. The Junior Bull Ride was won by Jack McArthur. Round 1 of the Junior Steer Ride was won by Ty Thomson and Dylan Talbot finished just in front of Ty in Round 2. Ty went on to win the Chute Out and claim the Ride Tuff buckle. It was a similar story in the Poddy Ride with Nash Jones sharing the honours with Lachlan Dark in Round 1 and finishing second to Dan Ruhland in Round 2 before going on to win the Ride Tuff buckle in the Chute Out.

PRIEFERT IS THE PREFERRED TIME EVENT BOX OF THE NATIONAL RODEO ASSOCIATION

ROPING CHUTES

The official chute of the USTRC &

RC98M: MANUAL ROPING CHUTE

Priefert's manual roping chute is the most widely used roping chute in the country. The official chute of the PRCA, USTRC, NTRL, WTRC, the World Series of Roping and other major roping organizations, the RC98M is the chute of choice by professionals. Endorsements by champion team ropers like Trevor Brazile, Speed Williams, Rich Skelton, Allen Bach and countless others have made this chute the most popular piece of equipment in arenas around the country. Available in manual and remote control automatic, the RC98 chute is the quietest, most durable chute on the market.

RC98A: FULLY AUTOMATIC ROPING CHUTE

Having trouble finding chute help? Not anymore. Priefert's remote control automatic roping chute is so easy to operate your kids (and maybe your spouse) will fight over who gets to operate it! The handheld remote control fits in the palm of your hand and has 4 buttons that operate the opening and closing of the front and back gates.

No chute help available? No problem. The remote easily fits in your front pocket and can be operated by the header or heeler. The chute also offers a delay from 1 to 14 seconds to give the roper time to push the release button and get ready to go. This chute is ideal for the practice pen and is great for beginners, professionals and just plain lazy cowboys!

RC98AL: ROPING CHUTE

Priefert's newest fully automatic roping chute takes efficiency to a whole new level! This new chute can work as a traditional automatic like the RC98A or can be switched over to "fully automatic mode". The chute works like this: the roper or chute helper pushes the release button to release the front gate. As soon as the steer leaves the chute, the front gate automatically closes and the back gate opens for the next steer to enter. As the steer enters the chute, an infrared eye facing down into the chute senses the steer in the chute and closes the back gate behind him. When the ropers return to the box the next steer is in place and ready to go! Ironically, your chute help is now the chute itself!

RCCALB: CALF ROPING CHUTE

Priefert's Calf Roping Chute was designed using the same expert engineering as our other roping chutes. Quality and durability tested by 8 Time World Champion Roy Cooper.

COMPETITION ROPING CHUTE

Endorsed by the PRCA, Priefert's competition roping chute is a full 18" longer than our standard models to meet PRCA requirements. This chute features all the great features of our RC98 series and also features a neck access panel near the front of the chute.

The official chute of the Wrangler NFR.
