MARCH 2013

## N.R.A Marketing News

Well another rodeo season is in full swing, and what a great year it is setting out to be. The National Rodeo Association is in the process of creating a new and exciting website, which will allow us to promote our association professionally with up to date information for both the public and members.

Some new features of the website will include: a Current Champions page, a Sponsors page, a Queen and Princess Quest page, a new format for Draws and Calendar of Events and a National Finals page.

This will also publically recognise our sponsors, as we will proudly display their company branding and hyperlinks to their websites.

The website address will remain the same [www.nationalrodeoassociation.com.au](http://www.nationalrodeoassociation.com.au)

### TENDERS

We are now calling for Tenders for the 2013 Champion Saddles and Trophy Buckles. Suppliers are welcome to submit Tenders for 11 Trophy Saddles and 39 Trophy Buckles. Successful Tenders will receive written confirmation from the National Rodeo Association. Please submit all Tenders to [nra@caboolture.hotkey.net.au](mailto:nra@caboolture.hotkey.net.au) or by fax: 07 5495 7384 attention: Tenders Submission.

### SPONSORS

The National Rodeo Association was very privileged to have the support of some wonderful sponsors in 2012. We are currently looking for Event Sponsors for the 2013 Champions. If you are interested in or know of a business that may be interested in sponsoring an event in 2013, please contact the NRA office and they will pass on your details to the Marketing and Sponsorship Coordinator.

The National Rodeo Association can provide competitive and tailored options for all sponsors.

## DIRECTORS REPORT – ROPE & TIE, TEAM ROPING EVENTS

Dear Friends

I'd like to congratulate Allan Flood on winning the rope and tie, and Luke Gall and Jesse Townsend on winning the heading and healing titles in the team roping. Well done gentlemen, your efforts made for some spectacular roping at the finals.

Congratulations to the finals committees and all those that worked tirelessly to make them an outstanding event. A big thank you to all those committees who host rodeos throughout the year especially the Team roping as it is an optional event. We really appreciate your effort.

I really enjoyed the presentation night and by the way it was supported, it is an event worth keeping on our calendar. I think this sort of event helps to build our community and I would love to see it continue.

I believe we have a great association here in the south east where we don't have to travel outrageous miles to get to rodeos or spend a fortune on entry fees. For the most part our contractors are conscientious and work hard to provide good stock. We have a great juniors program and are prepared to invest in these young competitors. We have a rodeo Queen quest that adds the sparkle to our association. We provide great trophies and titles worth chasing. We have friendly hard working staff in the office that provides a terrific service. I think we have a lot to be proud of and to celebrate.

I have enjoyed working with Bill and the rest of the Board this year. I think there is real energy and commitment to take our association forward. While there have been mistakes made, we have learnt from them and I believe there is a positive attitude and unity amongst the board.

I have been disappointed by the behaviour of some members who have acted in fits of rage. I understand there are circumstances and people that frustrate us and it's easy in those moments to lose it. But doing your block doesn't help. The board is then forced to deal with disciplinary action instead of working through the issue that caused the discrepancy. The board isn't your enemy, they are members voted by you to represent you. So I appeal to you to respect them by treating them in a civil manner.

### Team Ropers

If you need another partner for a rodeo, let the office staff know when you enter and they will put you on a list on the website. Hopefully this will enable most ropers to find a partner before the rodeo.

### Rope and Tie competitors

The new device will be introduced this year in the rope and tie. This device will bring a standard across the board in all associations around Australia. While I think that this device will definitely help in the event where a bust may occur, it is still the responsibility of the roper to handle his slack properly. It is also imperative that contractors supply stock that will be suitable and properly prepared for the event. This is a great event and we will all need to be diligent if we want to keep it. There has been some difficulties getting the new device out to competitors by the beginning of March, so we are moving the deadline to the 1st May. This will give ropers time to practice with it before the due date. When you receive the device I would encourage you to start using it at rodeo's prior to May. Any questions please give me a call.

Thanks to all those who have encouraged me through the year and to those who have voiced interest in getting sponsorship for the rope and tie and team roping events.

Yours Faithfully

*Chris Meyer*

## BEAU JOHNSON FUNDRAISER

At five years of age, on Christmas Eve 2012, Beau Johnson was been diagnosed with Acute Anaplastic Large Cell Lymphoma (ALCL). It is one of the more aggressive forms of Lymphoma and for that reason needs to be treated with aggressive chemotherapy.

He has a central line inserted into his chest for the chemotherapy drugs, antibiotics and fluids to go in. He needs 6 treatments of chemotherapy in total, 2 of which we have already had. Beau's chemotherapy treatments last for 6 days, with a break of 2-3 weeks in between.

In two weeks he will have a scan that will tell us if the treatment is working.

His parents, Fiona, Matt and sister, Mahli have had to relocate from their home in Northern New South Wales to the Childhood Cancer Support House, located 700 meters from the Royal Children's Hospital where Beau is receiving treatment. The only time Beau is allowed out of hospital is in between treatments, and only then he can go no further than 30 minutes from the hospital in case he gets sick.

As Fiona and Matt are a strong part of our Rodeo Community, we find it only fitting to get together, dig deep and help raise as much money as we can for the family and Childhood Cancer Research.

A voluntary competitor contribution will be available at the Central Entries Office at Lowood All Round Rodeo. No donation is too big or small, so please get behind this worthy cause.

#### RC98M: MANUAL ROPING CHUTE

Priefert's manual roping chute is the most widely used roping chute in the country. The official chute of the PRCA, USTRC, NTRL, WTRC, the World Series of Roping and other major roping organizations, the RC98M is the chute of choice by professionals. Endorsements by champion team ropers like Trevor Brazile, Speed Williams, Rich Skelton, Allen Bach and countless others have made this chute the most popular piece of equipment in arenas around the country. Available in manual and remote control automatic, the RC98 chute is the quietest, most durable chute on the market.

#### RC98A: FULLY AUTOMATIC ROPING CHUTE

Having trouble finding chute help? Not anymore. Priefert's remote control automatic roping chute is so easy to operate your kids (and maybe your spouse) will fight over who gets to operate it! The handheld remote control fits in the palm of your hand and has 4 buttons that operate the opening and closing of the front and back gates.

No chute help available? No problem. The remote easily fits in your front pocket and can be operated by the header or heeler. The chute also offers a delay from 1 to 14 seconds to give the roper time to push the release button and get ready to go. This chute is ideal for the practice pen and is great for beginners, professionals and just plain lazy cowboys!

#### RC98AI: ROPING CHUTE

Priefert's newest fully automatic roping chute takes efficiency to a whole new level! This new chute can work as a traditional automatic like the RC98A or can be switched over to "fully automatic mode". The chute works like this; the roper or chute helper pushes the release button to release the front gate. As soon as the steer leaves the chute, the front gate automatically closes and the back gate opens for the next steer to enter. As the steer enters the chute, an infrared eye facing down into the chute senses the steer in the chute and closes the back gate behind him. When the ropers return to the box the next steer is in place and ready to go! Ironically, your chute help is now the chute itself!

#### RCCALF: CALF ROPING CHUTE

Priefert's Calf Roping Chute was designed using the same expert engineering as our other roping chutes. Quality and durability tested by 8 Time World Champion Roy Cooper.

#### COMPETITION ROPING CHUTE

Endorsed by the PRCA, Priefert's competition roping chute is a full 18" longer than our standard models to meet PRCA requirements. This chute features all the great features of our RC98 series and also features a neck access panel near the front of the chute.

The official chute of the Wrangler NFR.

In the open bull ride it was Tristan Hartley and David Kennedy who tied for the pole position while in the saddle bronc Patrick McKenna weathered the storm to take first place.
